DEATH OF RICHEST CITIZEN

ONE WHO HAS BEEN RATED AS A MILLIONAIRE.

A Number of Citizens of Great Age Who Have Gone on the Last Journey of Life.

WARREN WILLIAM HAFER, rated as the richest man in Adams county, died suddenly at his home at Abbottstown on last Thursday afternoon, aged 69 years.

He had attended the sale that day of one of his tenants, Samuel Wehler, about a mile from Abbottstown. After returning home he went to the postoffice and visited one of the stores where he was engaged in conversation for some time. Later he went back to his residence. He was seated in a chair reading a newspaper when he was seized with an attack of heart trouble. Mrs. Hafer observing his illness, ran for assistance and several neighbors across the street helped to carry him to a couch but before the ar-

rival of Dr. Hollinger he expired. Mr. Hafer was a descendant of one of the earliest settlers in Berwick townsnip, his grandfather, Sabastian Hafer, settling there in 1799, was a farmer and ran the hotel at Abbottstown. One of his sons was William Hafer, who died in 1884, after amassing great wealth. He was a dealer in horses and cattle, furnishing many horses to the government during the Civil War.

W. W. Hafer was the only child of William Hafer, and when a young man was engaged in mercantile business with his uncle at St. Paul, Indiana. Returning to Abbottstown in 1877, with Gregory Delione he erected a warehouse on the completion of the Berlin Branch railroad and conducted the grain business. Later he was associated with his father in the cattle business and at his death assumed control of the estate left by his father, adding thereto until now his wealth is estimated near the million mark.

to Miss Jane Wilson, daughter of Frank Wilson, of Abbottstown. Of this union three children survive, Frank K. Hafer, of Abbottstown, William Hafer, of St. Louis, Mo., and and Mrs. Belie Clapp, of New York Wilson, daughter of William Wilson, of York Co., a cousin of his first wife, who survives with two sons, Levere and Lewis Hafer.

Mr. Hafer was twice married, .. first

He was always interested in the welfare of his native town and in 1884 built one of the finest residences in the county on the site of the old Hafer homestead in that town. There being no water supply in the town, he laid pipes from a spring in the Pigeon Hills, about 2 1-2 miles distance to his residence. He served in the borough council and as a school director of his town for several years.

Mr. Haser became identified with business enterprises in Hanover, Gettysburg and other places. Whatever appealed to his business judgment was sure to be backed by his money, either becoming a creditor by loans or taking stock, and his name will be found on the stock book of the majority of the successful corporations of at the age of 88 years, 2 months and 2 the county. He took up all the debt days. Death was due to paralysis, of Gettysburg College a dozen years stroke being received several weeks ago and became its sole creditor. His York counties were extensive, owning to Peter Myers, also deceased. The real estate holdings in Adams and what one might say, about thirty of the very best farms in this county and interested in making them productive as he made it a rule to rent same on the shares.

Several years ago he built one of the finest homes to be found in Hanover, but he was so attached to the old homestead that very little time was spent in the Hanover home.

The funeral was held from his home on Monday morning, Rev. Dr. C. M. Stock, of Hanover, conducting the

A LITTLE PRINT SHOP TALK.

NEW RULING OF THE POST OF-FICE DEPARTMENT.

Saying the Weekly Newspaper Subscriber in Arrears Over a Year Cannot Have His Paper.

The COMPILER has been of the opinon that the columns of the paper was not the proper place to indulge in print shop talk, that if the editor or business end had a kick coming or a growl to let go, was no excuse to take up space the reader was entitled to. We however ask the indulgence of the thrust upon us.

The U.S. post office department is not satisfied to allow Congress to make all the laws under the constitutional authority, but seeks to go into the law making business with the following rule, declaring,

That unless subscriptions to newspapers are expressly renewed after the for mailing at the second class postage rate, but may be mailed at the

This is to say that the paper of the subscriber over a year in arrears will require a one cent stamp affixed to each issue to be mailable, and it is a disputed that the printer cannot pay 52 cents a year to mail the paper to a subscriber over a year in arrears and give the man in arrears his newspaper; at the smoe subscription price as to the usen who is not in arrears.

Whether this post office ruling will be put into force and effect may yet be a question, for the press of the country is almost a unit against it. The Maine Press Association calls it a usurpation of the legal rights of both i the publisher and subscriber. The Penusylvania Press passed resolutions at a meeting which the editor of the COMPILER attended, calling the rule unjust and iniquitous and called upon our United States Senators and Congressmen to have the obnoxious order

It has been said that this rule of the Post office department will be beneficial to newspapers, but what newpaper wants benefit with a big stick behind it. Whether beneficial or not isn't the question as we see it.

The paternalism involved in the order makes it most un-American, obnoxious and dangerous. In other words it is none of the business of the U. S. government whether a genuine. bona tide subscriber is in arrears or not. To play the roll of the daddy for the newspapers in the matter of arrears in subscriptions is an entering wedge or precedent to play the daddy for other usurpations. With this precedent the Post office department could make other rules of what is mailable. One year in arrears might be made one day, or matters of advertising might be gone into, in order that the post office law making machine have a chance to declare what is mailable. The future could develop a paternalism which in effect would be a censor over newspapers, effecting both the business and news end of Huntington the publishing business and the American liberty of the press would Littlestown be clouded.

We are opposed to all these forms of paternalism. If a paper is mailable it is mailable whether the printer has paid for the paper on which it is printed, or whether the bona fide subscriber is 5 years in advance or 5 years |

Many papers are appealing to their subscribers to come in and pay. We have not done this as we seek no advantage from a big stick.

The publisher is largely responsible for arrears. In other words the service of the publisher makes for arrears or otherwise and that is as it should be. If the publisher spends to produce a better paper, kept modern, using good paper, well printed and full of news, the subscribers respond of subscriptions. If the service is poor

write, or call with samples. Musselman Canning Co. What Do They Cure?

"Favorite Prescription."

The answer is that "Golden Medical Discovery" is a most potent alterative or blood-purifier, and tonic or invigorator and acts especially favorably in a curative way upon all the mucous lining surfaces, as of the masal passages, throat bronchlal tubes, stemach, bowels and

bladder curing a large per cent of catar-rhal cases whether the discuss affects the nasal passages, the threat, larynx, bron-chia, stomach (as catarrhal dyspepsia), bowels (as mutous darches), bladder, uterus or other pelvic organs. Even in the chronic or utcornive stages of these affections, it is often successful in affect-ing cures.

The "Favorite Prescription" is adviced for the cure of one class of diseases—flows papellar weaknesses, derangements and frequirities inclicent to women only. It out, over-worked women-no matter what has caused the break-down, "Favorite Prescription" will be found most effective in building up the strength, regulating the womanly functions, subduing pain and bringing about a healthy, vigorous condition of the whole system.

A book of particulars wraps each bottle giving the formulæ of both medicines and quoting what scores of eminent med-ical authors, whose works are consulted by physicians of all the schools of practice

as guides in prescribing, say of each in-gredient entering into these medicines. The words of praise bestowed on the several ingredients entering into Doctor Pierce's medicines by such writers should have more weight than any amount of non-professional testimonials, because such men are writing for the guidance of their medical brethren and know whereof thev speak.

Both medicines are non-alcoholic, nonsecret, and contain no harmful habitforming drugs, being composed of glyceric extracts of the roots of native, American medicinal forest plants. They are both sold by dealers in medicine. You can't afford to accept as a sub-titute for one of these medicines of known composition,

Dr. Pierce's Peliets. small, sugar-coated, easy to take as candy, regulate and invigorate stomach liver and bowels.

USID HIS STORED KNOWLEDGE.

Handy to Business Man.

When High School Learning Came In

"I used for the first time to-day something I learned 15 years ago, said . a writer in the Milwaukee Sentinel. "It was the application of a principle | in geometry in relation to the inscribing of a hexagon in a circle, which I learned when at the high school, I had an order placed for some taborets (that is flower stands) given me and the party that gave me the order wants the tops 16 inches across. Well, that was easy enough to fill, but beside that the sides were to be hexagonal, so I had to sit down and figure out how much five-eighths-inch wood would have to be leveled off to have the parts fit exactly. Here is where I used my geometry.

"Daniel Webster is quoted as saying that he once used a fact which had lain dormant for 14 years, so I have him beaten by a year.

"You often hear people say 'What is the use of learning this?' seeing no use for it at the time, but things which at the time seem most impracticable are often later of use. That is one of the complaints in our public schools, but as in my case it may some day prove of use."

Funny Stories Cured Him.

"Having vainly tried many and various remedies to restore to health a business man whom I know and who had fallen into a morbid condition owing to years of overwork, a famous Baltimore physician at last persuaded his patient to take a course of funny stories, one at each meal, with an extra two at dinner," says a correspondent. "The patient, a solemn and gloomy fellow, at first rebelled, but finally falling in with the idea adopted the course recommended and was in the end restored to health, the effect of laughter being entirely to change his mental and bodily condition. Laughter, in fact, is one of the cheapest and most effective of medicines, breaking up stagnation of mind and body and sending a healthy vibration through one's system. There is very little the matter with the man who can enjoy a hearty laugh."

Most people know that if they have been sick they need Scott's Emulsion to bring back health and strength.

But the strongest point about Scott's Emulsion is that you don't have to be sick to get results from it.

It keeps up the athlete's strength, puts fat on thin people, makes a fretful baby happy, brings color to a pale girl's cheeks, and prevents coughs, colds and consumption.

Food in concentrated form for sick and well, young and old, rich and poor.

The Brain After Fifty. Cotton as a Food. The brain usually stops growing at

Absorbent cotton is practically pure cellule: and can be easily converted into a grape-sugar by the action of sulphuric acid. Cellulose and starch are identical in formula to the chemist. When we have learned to actually and cheaply transform cellulose into starch, says Red Cross Notes, absorbent cotton will become a source of food, and the struggle for existence for want of food will be at an end. When bread and cakes are made from absorbent cotton there will be no more "corners" in wheat, no famines. and no high-priced food.

Looking for the Angel.

A new city settlement worker was going the rounds of her district one bright spring morning. In a crowded tenement some five or six little children gazed inquiringly at her as she entered. "Well, well, children," she said, "I never saw so many soiled faces in my life. Why don't you use some soap and water?" "We are waiting for the angel, mum." replied Tommy Tuff. "What angel?" asked the young woman. "Why, de lady dat come frue here last week and give one of de kids a nickel to wash his

COUNTY COMMITTEE MEETING.

Pursuant to the Rules of the Demoeratic Party three months notice having been given from Dec. 11, a meet ing of the Democratic County Committee will be held in Gettysburg on Saturday, March 14, to consider the matter of changes in the rules of the Demogratic Party. S. Villey Muller,

Democratic County Chairman

ATTENTION is invited by all friends of the Compilant to article on second page of proposed postal regulation as i to newspapers.

Politics with Sister Counties.

Democratic County Chairman S. Miley Miller, in view of Adams County being joined with Franklin County in [a Senatorial district and with York County Congressionally and in the matter of delegate to the Democratic National Convention, deemed, \$it best to have a meeting of representatives from the counties, and arranged a meeting of committees appointed by the Chairmen. This meeting came off last week at Harrisburg. The representatives of Adams and Franklin had no difficulty to agree upon a plan as to the senatorship, their report following below, which will be referred to the county committees for approval and adopted binds Adams Democracy to present no Democratic candidate this year for State Senator. No conclusion was reached with York Co. Adams stood for strict compliance with the recognized understanding that each county have one delegate and alternate to the National Convention and that the Congressional nomination goes to York this year. The matter has not been finally arranged.

No man in recent years has been stomach trouble. I was always hunpated, and always felt bloated after

cating.
"I had tried many remedies, but could secure no relief, until one day I noticed in the newspapers what wonderful results Cooper's medicines were accomplishing in Chicago. I decided to try them, and shortly after commencing the treatment I began to feel better. I did not have those severe pains in my stomach, and I could sleep at night; my appetite improved, and I can now eat well. I am feeling like a new woman.

"I am very thankful to Mr. Cooper for what his remedies have done for me. They have restored me to good health, and I would advise any one who suffers as I did to try them."

We sell the Cooper medicines. They are easily the most celebrated prepathe statement she makes concerning rations ever introduced in this couner experience with the medicine: try, growing in popularity daily. "I have been sick for six years with—The People's Drug Store."

A store with a business as large as this has become must have a reason for its growth outside of personality—which really counts for naught. We know that our growth was attained because we were aggressive in trying to supply the best Merchandise at the lowest possible prices—not only the best but the upto-the-minute ideas of the Fashion Controllers.

The Dry Goods Store virtue which sees, and thinks and acts, begets the reward as well as commendation.

Plans that were made months ago for Spring are now materializing, and the **New Goods** are here.

We make special mention of Ladies Tailored Suits and Dress Skirts from three of the foremost makers of popular priced goods in this country—made of the fabrics, colors and in style chosen by Fashion. Silk Jumper and Princess Suits - in a beautiful assortment of styles, with the exclusiveness of one, or at most, two of any one style or when duplicated it is in another color. Silk and Net Waists — beautifully trimmed and made, just the thing for handsome evening wear. The new Wash Waists and Suits are also here. SMALL BOY OBEYED ORDERS. But Perhaps His Methods of Play

Were Too Strenuous.

He is a very small boy, but he has a very much smaller sister, a wee baby, who arrived only a few weeks ago. The small boy was delighted. Never had he seen anything so little

or so interesting. Could the baby see, could she hear. could she eat, did she have teeth, and why didn't she talk and walk? Those were a few of the questions he asked. Answers not being altogether satisfactory, he began a personal investigation. He opened the baby's eyes when she was asleep to see where her eyes had gone to anyway; he opened her mouth in search of teeth, and it was here that the family came to the rescue, and the small boy was told that he could never visit his baby sister without clasping his hands closely be-

"He loves the baby so that he stands by the half hour just looking at her," said the proud mother of both youngsters to a visitor. "And he is so honorable that he never thinks of taking his hands from behind his back. Just come and see him now. But as the two entered the nursery mamma gave a wild scream as she rushed for her baby.

There was the small boy, his hands clasped tightly behind his back, to be sure, but the baby not having responded to his challenge to play, he had taken her silence for consent, and was bumping heads with her.

Irksome for Both Parties,

A long friendship and a short engagement is, perhaps, the best combination. A prolonged engagement is the most trying relationship between the sexes possible to conceive. For the woman it means the drawbacks of matrimony without the charm of restful finality, or any of matrimony's solid worldly advantages. On the man's side it means the irksomeness of the marriage yoke without any of its satisfactions and comforts.-The Grand Magazine.

A Rare Wedding Anniversary. On Saturday evening, Feb. 29, Mr.

and Mrs. David Sterner celebrated their 60th wedding anniversary. The house was beautifully decorated in a color scheme of green and white. The bride and groom of 60 years received their many friends in the parlor where a bower of green had been erected for them. In the dining room an oval table stood on which were 60 green and white candles arranged around the edges, intertwined with a garland of smilax, and on either end of table large bunches of pinks and a center piece of fruit. From the ceiling directly over the table, long streamers of green and white were stretched to all parts of the room, which made a can-

The 104 guests present were served here with fine refreshments by the grand-daughters of the bride and groom, all dressed very beautiful in white. Mr. and Mrs. David Sterner were married in Hanover Feb. 29, 1848, by Rev. Jacob Sechler, Mrs. Sterner's maiden name being Rebecca Sheely. They spent ten years in Hanover. In 1858 they moved here, to Chambersburg street, Mr. Sterner buying and living for a long time in the property which afterwards was owned by the late Jeremiah Diehl. They have lived for 50 years in practically the same place. They had 10 children six of whom are living, 24 grand-chil dren and 12 great grand-children Mrs. Sterner's half-sister and brother Mrs. Amos Basehoar and Joseph Sheely are living near Littlestown Mr. Sterner has one sister living, Mrs Philip Fase, of Kansas, who will shortly celebrate her 60th weddin

- Mrs Catherine Bell, of Williams port, Md., celebrated her 87th birth day last week with enjoyable festiv ities. She was a daughter of Danie Mickley and was born and lived man years in this county. Her brother Gen. D. W. Mickley, well know. here, was present at the anniversary
